louisa.moagi@yahoo.com • 725 Francis Baard • Pretoria • 0001 • 0794873203

I am a 28 years old female Artisan Plumber, residing in Pretoria and currently seeking employment.

Throughout my years of working I got exposed to a women dominated environment at Landis+Gyr and men dominated environments at other places of work mentioned in my curriculum vitae, I have learned interpersonal communication and time management skills as I was also studied part time.

I'm a hard worker with eagerness to learn and expand my skills in the Civil engineering field at large. I also have a code C1 drivers license which I obtained in 2016.
